

WHY MCINTOSH?

At McIntosh Farm Machinery, we take pride in delivering robust, high-quality equipment designed to withstand the toughest farming conditions for New Zealand farmers.

75+ Years of Expertise

A family owned and operated business with decades of experience in designing and manufacturing innovative farming solutions.

Unmatched Durability

Built with premium materials and precision engineering to ensure long-lasting performance in New Zealand's harsh conditions.

Tailored Solutions

Customisable machinery designed to meet your farm's specific needs, maximising efficiency and performance.

Reliable Support

Backed by dedicated after-sales service and expert advice to keep your equipment running smoothly.

We stand behind every machine we build. All McIntosh products are backed by a 2-year manufacturer's warranty against defects in materials or workmanship, provided the machine has been serviced and has not been subject to misuse or operated outside its intended specifications. These terms are subject to change without notice. Full warranty terms are available by scanning the QR code.

MCINTOSH

MANURE SPREADER

7.5 - 13.5M³

Count on McIntosh for Manure Spreaders that deliver consistent, even spreading and the flexibility to meet your on-farm demands.

Available in 7.5, 10.8, and 13.5 m³ capacities, McIntosh Manure Spreaders are engineered for precision and versatility. Each model is designed to evenly distribute a wide range of materials with consistent results, ensuring efficient use of nutrients and time.

Built tough with 13 mm (24-tonne breaking strain) floor chains, along with McIntosh's automatic floor chain tensioner, these machines are made to perform under pressure. Our robust back door design features double sealing rubbers. No floor guide holes means no loss of product, especially liquid-based waste, where other machines may leak due to unnecessary openings. Dual vertical augers deliver up to 16 metres of spreading coverage, ensuring a thorough, uniform distribution every time. Strong. Reliable. Proven. Choose McIntosh for a manure spreader that works as hard as you do.

STANDARD FEATURES

Auto floor chain tensioner

Galvanised cover

Bolt-on reversible auger tips

Heavy-duty German one-piece gearbox

OPTIONAL EXTRAS

- ☐ Brakes, 4 wheels contractor specification
- ☐ Brakes front wheel (7.5 model)
- ☐ Brakes, 4 wheels with balancing valve
- ☐ Single axle (7.5 model)
- ☐ Electric floor speed control (7.5 model)
- ☐ Tyre size options
- ☐ 16 mm floor chains – 32 tonne breaking strain
- ☐ Grease hose from walking beam to mudguard
- ☐ Rear rotating flashing light kit
